The Past

Let's climb into our phenomenal time machine
And see amazing sights like we've never seen!
We'll travel back into the mysterious past.
Hang on, Time Travelers, 'cause we're moving fast!

The Prehistoric Era

Brrrrrr!Brrrrrr!Brrrrrr! It's cold, cold, cold!
We're in the Ice Age, and what sights we behold!
Let's move to the time when dinosaurs rambled.
Uh oh, there's a T-Rex...we'd better scramble!

Ancient Civilization

Ancient civilizations and treasures unknown,
We'll see the Greek ruins and great Egyptian stones,
The Olympic Games will have us ready to run,
So come along with us and have some fun!

Explorers

Take a trip back in time among castles and knights
Medieval music, and Renaissance sights!
Then, buckle up and get ready for more:
The New World is waiting-it's time to explore!

Moving West

Hold onto your hat! Giddy up! Gallop down!
"Cause Western weeks are coming to town!
Our rootin-tootin time machine takes us west
To learn what cowboys and cowgirls did best.

Future

Buckle up as we travel to future days!
Let's explore robotics and mysterious ways.
We'll fly in cars and be home on the moon.
Beam me up now! The future is coming soon!
